Subject: Microsoft Settlement

To whom it may concern:

I have read about the proposed settlement, and I am not in favor of it in its current state. The settlement does not address problems with Microsoft's closed file formats, meaning that any business with many documents in these formats have no clear upgrade path or way to escape from Microsoft. Please consider this a vote against the current settlement, as well as a vote to seek a settlement that is more favorable to Microsoft's competitors.

Sincerely,

Matt Graham
